Information on the training

In this session we aim to discuss what autism means for your child and how it can impact behaviour and communication at home. We are joined by our phoenix outreach teacher who will help us look at strategies for supporting your child and understanding their individual experience. We focus on each area of difference within Autism to develop a better understanding of how these differences may impact your child/young person. This is designed to increase confidence around the topic of autism and allow open discussion of what you, as parents and carers, experience.
