GO ON A FAMILY TRIP TO DISCOVER PLANTS

Here are some ideas of places to visit:

Mudchute Park & Farm

Mudchute Farm is a large urban park and farm set in 32 acres of countryside just south of Canary Wharf in Cubitt Town on the Isle of Dogs with over 100 animals and fowl.

Holland Park & Kyoto Garden

Right in the centre of the 22 hectares of London's Holland Park is the Kyoto Garden. Home to the famous peacocks, a tiered rock waterfall, stone lanterns, Japanese maple trees and a pond full of koi carp that the kids will love spotting. A tranquil and peaceful Japanese garden for reflection and relaxation.

Kew Gardens Here you can explore the world's most famous botanical gardens. A special treat in winter with a magical trail, craft activities and fairground rides. Easy to access by Tube (District Line) - book online for even cheaper tickets.

Remember to bring something in to tell your class about your trip. It could be a photo, a drawing, a poem, a booklet, a ticket – anything!

Visit one of these websites over the holidays!
